SAVANNA
SURVIVAL

CAN YOU
MAKE IT!?

EXPLORE, BUILD, LEARN & MEET NEW FRIENDS WITH SAVANNA SURVIVAL

JOIN OUR MISSION TO SAVE WILDLIFE!

SavannaSurvival is an inclusive **management auto-battler game**. Players can befriend **100+ unique animal companions**, **build and manage personalised habitats** on their SavannaRail, and assemble their **dream team** to take on **challengers** from the wild.

Gamers can equip a wide array of **collectible tokens** to gain a unique edge while facing off against bosses and other players.

ADVENTURE MODE

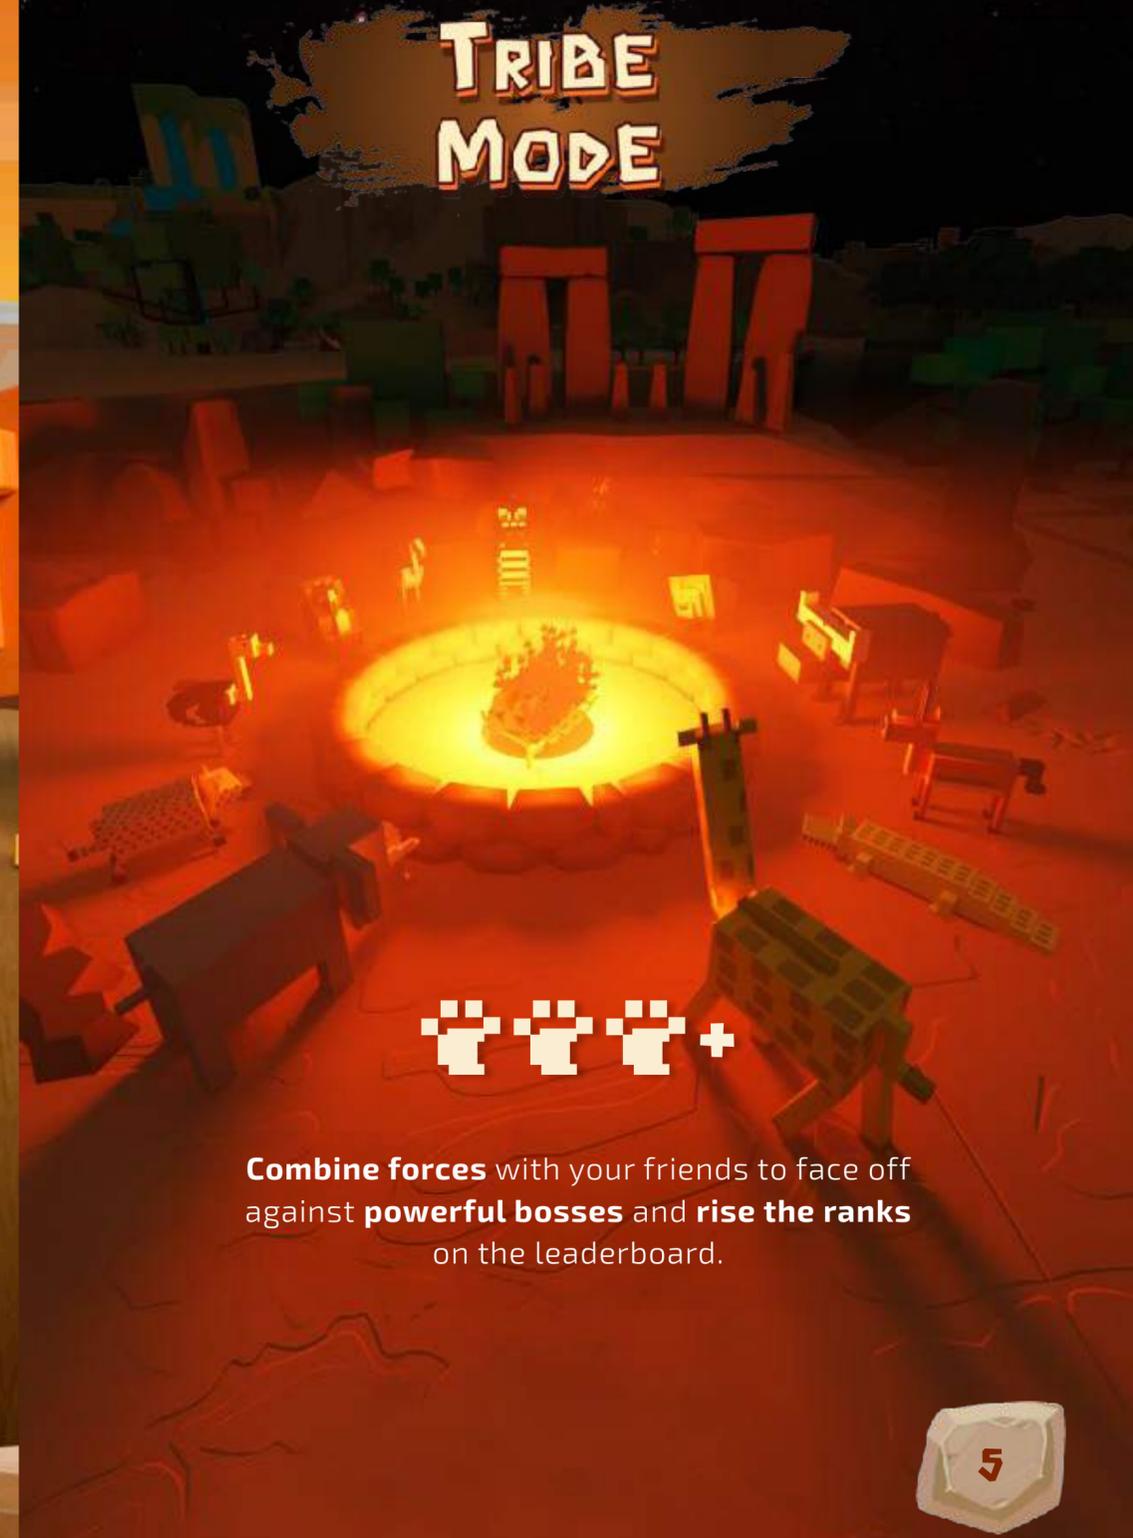

Join Xin-Xin the panda on his **journey to explore and protect the native wildlife** of SavannaSurvival.

CHALLENGE MODE

Compete against other players to earn valuable resources for your SavannaRail and animal friends!

TRIBE MODE

Combine forces with your friends to face off against **powerful bosses** and **rise the ranks** on the leaderboard.

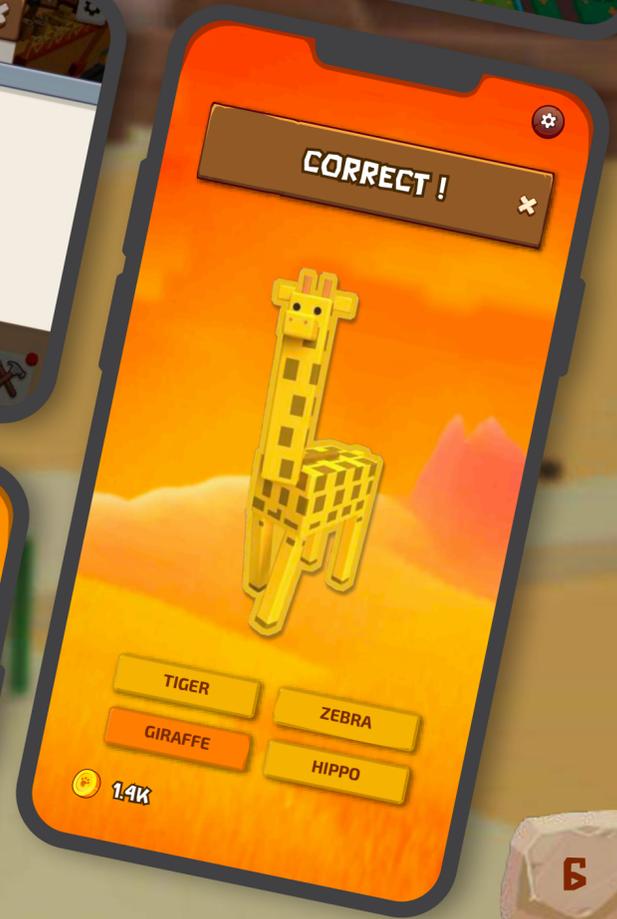

CAN YOU
MAKE IT!?

ROADMAP

CAN YOU MAKE IT!?

BM ROJANAROWAN
CEO

BM is an experiential marketer with over 15 years of experience. His passion to create and deliver creative solutions for a wide range of audience has seen him go from blue-collar everyman to leading the regional team at amc asia! BM's next chapter is to build and deliver a new legacy in blockchain technology for its communities.

JAMES KOO
CTO

Over 18 years of experience with GIC, Singapore's sovereign wealth fund. James was pivotal in piloting & providing for all technological needs for US, Korea, Japan, China, & India operations. James later joined Guardtime, a global enterprise blockchain company as president of Singapore operations. MBA from Kellogg-HKUST as well as a MA in Technology Management from the University of Queensland.

JEFFREY TAN
COO

A Chartered Accountant with a breadth of business management and corporate finance experience gathered from across the Asian landscape, Jeff has worked held various head office, regional, and sub-regional appointments with Havas. He has been group CFO for amc asia! since 2011.

JACK
LEAD GAME DEVELOPER

Jack's experience in the gaming industry spans 17 years and a multitude of game genres, including various RPG sub-genres and MOBAs. His projects have been launched in over 21 languages worldwide, including Southeast Asia, Europe and the US. He is part of the founding team of MMOsite.com.

ALWYN LEE
GAME PRODUCER

Alwyn is a multifaceted entrepreneur who has spent more than 11 years running Daylight Studios, an indie development studio based in Singapore. He is passionate about creating meaningful games and consults for several multinational companies. He is currently an advisor for the Singapore Games Association.

CORNELIUS WONG
BLOCKCHAIN LEAD

Technopreneur, F&B investor, co-inventor of glovoLogy, an award-winning handsign-to-speech translator as well as co-founder and developer of WhizIT, an accounting solution in IRAS ASR. A computer science alumni from the National University of Singapore, Cornelius has spent his life connecting the dots for real and virtual world applications.

MANAGEMENT TEAM

CAN YOU MAKE IT!?

BERNARD OH

Bernard is the founder and group CEO of the Audience Motivation Company Asia (amcasia!), an award-winning regional experiential marketing agency. Headquartered in Singapore, amcasia! has offices in key Asian cities like Kuala Lumpur, Bangkok, Shanghai, Seoul, Dubai & Abu Dhabi.

ROLAND ONG

Founder and CEO of IAHGames, one of Southeast Asia's top electronic games publishers, which has attracted 35 million gamers in 5 years, operation of titles like Grand Theft Auto V, Granado Espada, Counter-Strike Online, FIFA Online and more.

ANDY LEE

Founder and CEO of HEROCROSS since its inception in 2012. At HEROCROSS, Andy oversees its entire operations. Andy has been appointed Vice President of the Hong Kong Brand Toy Association since 2020.

PRAKASH SOMOSUNDRAM

Prakash is a serial Entrepreneur from Singapore who has built and sold companies space. He is currently the CEO and co-founder of Enjinstarter. A launchpad focused on Blockchain Gaming, Entertainment and the Metaverse. They have invested into more than 50 companies and have helped 40 of them to raise capital via their launchpad. They have raised more than USD\$ 10.5M since inception in April 2021. Prakash is a passionate ecosystem builder who believes in the value of establishing solid relationships in mutually beneficial partnerships.

JEFFREY ONG

Jeffrey Ong is the Founder of VOXTO Ltd, a cryptocurrency mogul and an angel investor. Jeff is currently the world's top cryptocurrency trader who pioneers in digital assets investment strategies and blockchain technologies. Jeff believes in the culture of "Eat What You Kill" and instilled a culture of the result-oriented company within VOTOX. This has hugely contributed to VOTOX's impeccable growth and success. Jeff constructed a data system and a unique algorithm that alleviates VOTOX's platform. With it, VOTOX's track record and growing businesses are proved testimony to the success of the platform and its software accuracy.

CAN YOU MAKE IT!?

Nothing in this document should be treated or read as a guarantee or promise of how or whether CanVerse Asia Pte. Ltd. (the "Company") will develop or of the features, utility, or value of Company or its proposed marketplace. This presentation outlines the Company current plans, which could change at its discretion, and its success will depend on various factors out of the Company's control, including technological & engineering improvement, market-based factors and factors within the money transfer and blockchain industries, among others. Any statements about future events are based solely on the Company's analyses of the issues described in this presentation. Those analyses may prove to be incorrect.

This presentation does not constitute an offer for sale of the Company's debt, equity securities, digital securities including tokens and should not be considered an offering of securities in any jurisdiction. This presentation does not include or contain any information or indication that might be considered a recommendation or used as a basis for any investment decision. Any offer or sale of debt or equity securities including digital securities will occur based only on definitive offering documents for applicable securities. The purchase of securities in new ventures are particularly risky and may result in a total loss of capital. The road map proposed for a network is subject to change or implementation failure. An implementation network may not be adopted, resulting in its securities including security tokens having low or no value. Only sophisticated investors who understand the risks of speculative investing in securities including security tokens and have consulted their own legal and financial advisors should participate in any securities or digital securities offerings.

This presentation includes forward-looking statements. All statements other than statements of historical information provided herein are forward-looking and may contain information about financial results, economic conditions, trends and known uncertainties. Some of these forward-looking statements can be identified by the use of forward-looking terminology such as "believes", "expects", "will", "should", "seeks", "approximately", "intends", "plans", "estimates" or "anticipates" or unrealized investment results. Such forward-looking statements are subject to numerous risks and are necessarily dependent on assumptions, data or methods that may be incorrect or imprecise and may not be realized.
